

KANGAROO ISLAND LODGE

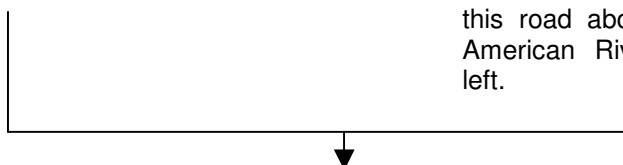

How to find the Lodge

From the Penneshaw ferry

Follow the Kingscote road for about 29Km. Turn right where signposted to American River

From the airport

Leaving the airport, turn right. Follow this road to its end, then turn right again. About 100m further on, turn left onto the Penneshaw road. Follow this road about 20Km to the American River turn on the left.

After about 7Km, you will descend Muston Hill. Independence Point is on the right hand side at the bottom of the hill and this is where, in 1803, some American sealers spent their winter building a boat – *Independence*. Their presence is the origin of the name American River.

Continue past Riverview Cottage – the one time home of one of American River's founding families.

Shortly after that you will reach the township of American River. The road to the right takes you to the wharf but you should carry straight ahead here and again when you reach the crossroads (junction of Buick Drive/Tangara Drive/Scenic Drive and Redbanks Road).

You are now on Scenic Drive and about 500m from here, on the left and shortly after the junction with Bayview Road, you will see Kangaroo Island Lodge.

Welcome – we know you'll enjoy your stay!

Kangaroo Island Lodge,
